

Table of Contents

The Emergence of the Titanium Industry and the Critical Role of the Federal Government.....	1
Stanley Abkowitz, President, Dynamet Technology Incorporated	
Influence of Trace Levels of Boron on Mechanical Properties of Ti 6Al-4V.....	25
Matthew J. Arnold, Manager, Titanium Melt Metallurgy, Allvac	
The Affects of Energy on the Titanium Manufacturing and Distribution Business.....	38
Larry Blivas, President, AeroMaterial	
Titanium Drill Pipe Applications	59
Patrick Boster, President, RTI Energy Systems Incorporated	
Recent Developments in Electron-Beam Cold-Hearth Single-Melt Ti-6Al-4V for Armor and Structural Applications	75
John C. Fanning, Manager of Applications Development, TIMET	
A New Near-Beta Titanium Alloy for Airframe Applications: TIMETAL ®555.....	89
John C. Fanning, Manager of Applications Development, TIMET	
Interpreting Titanium Statistics in the United States.....	111
Joseph Gambogi, Titanium Commodity Specialist, US Geological Survey	
Plasma Arc Melting of Titanium Alloys for Non-Rotating Component Applications	133
Steve R. Giangordano, President, Galt Alloys Incorporated	
Welding Panel - Effect of Thickness on Fatigue Strength of Titanium Fillet Welded Joint.....	158
Toshiaki Iwata, Research Official, National Maritime Research Institute	
Consumer Products Panel - Titanium Powder Injection Molding.....	179
Larry LaVoie, President, Titanium Products Incorporated	
Duty Refund Programs/International Trade	183
Alan G. Lebowitz, Partner, Grunfeld, Desiderio, Lebowitz, Silverman & Klestadt LLP	
Welding Panel - Development of a New American Welding Society Specification: D1.9 Structural Welding Code– Titanium.....	200
Stephen Luckowski, Materials Engineer, US Army ARDEC	
World Titanium Industry Trends – Emerging Markets For Titanium: A Status Report.....	217
J. Landis Martin, Chairman and CEO, TIMET	
Consumer Products Panel - Titanium in Consumer Medical Products.....	244
Steven Meredith , Vice President, Titanium Sports Technologies LLC	
Welding Panel - Publication of Fatigue Classifications for the Performance of Grade 5 Titanium.....	249
William C. Mohr, Ph.D., Principal Engineer, Edison Welding Institute	
Welding Panel - Field Repair of Titanium.....	265
John C. Monsees, Chief Operating Officer, Hi-Tech Welding Services, Inc.	

Titanium in Architectural Practices	291
Gary Nemchock , Architecture Consultant, Architectural Titanium LLC	
The State of the Scrap Market	303
Edward J. Newman, Senior Vice President, Keywell LLC Vac Air Division	
Duty Refund Programs/International Trade	310
Anthony Noguerras, President, Alliance International CHB, Inc.	
Evaluation of Electron Beam Welding and Plasma Welding of Titanium Alloy Triangular Beams (1 inch thick 6-4 Titanium)	322
Vladimir Radzinsky, Acting Chief Welding Engineer, Parsons	
Future Market Outlook and Opportunities	335
John Reuland, Director, Business Issues Management, Boeing Commercial Airplanes Group	
US Charters of Freedom Encasements	371
Richard Rhorer, Mechanical Engineer, National Institute of Standards and Technology	
Analytical initiatives and Results at Reading Alloys, Inc.	388
James Robison Jr., Director, & Michael Royer, Manager, Reading Alloys, Incorporated	
Casidiam© Diamond-like Carbon Coatings	400
John Roderique, Manager, Marketing and Sales, Anatech LTD.	
Welding Panel - Titanium Trims Army Ground Vehicle Weight	422
Brij Roopchand, Materials Engineer, US Army Tank	
Consumer Products Panel - The Journey From Lunacy to Genius: (The Stuff That Didn't Kill Superman)	453
Edward Rosenberg, Owner & President, Spectore Corporation	
World Titanium Industry Trends	495
Timothy G. Rupert, President & CEO, RTI International Metals, Inc.	
The Business Person's Guide to Basic Asset Protection	515
Laurence E. Salans, Partner, Sherman, Meehan, Curtin & Ain, P.C.	
World Titanium Industry Trends - As Seen by the Small Producer/Supplier, Users of the Association	535
Edward F. Sobota, Sr., President and CEO, TechSpec Incorporated	
Consumer Products Panel - Titanium and Golf	541
Rick Wahlin, Sr. Eng. of Research & Development, Taylor Made Golf Company, Inc.	
World Titanium Industry Trends - Global Trends in the Titanium Industry and Titanium Markets	570
Thomas E. Williams, Jr., President, Allvac, an Allegheny Technologies Company	
Consumer Products Panel	589
Stephen Zadesky, Product Design Engineer, Apple Computer
